

Wazdan Expands North American Reach with Caesars Digital Launch in New Jersey

21st August 2024: Wazdan, the gain-focused developer behind some of the world's most rewarding casino game experiences, has taken its game catalogue live on Caesars Palace Online Casino and Caesars Sportsbook & Casino in New Jersey.

Facilitated through Light & Wonder's aggregation platform, the new deal marks another milestone for Wazdan in its North American trajectory.

The integration will see several of Wazdan's top-performing games made available to Caesars Palace Online Casino and Caesars Sportsbook & Casino players, including *9 Coins™ Grand Gold Edition*, *Sizzling Kingdom™ Bison*, *Magic Spins™*, *Power of Gods™: Hades*, *Burning Sun™*, and *Sizzling Eggs™*.

Wazdan is now able to offer even more New Jersey players its engagement-boosting mechanics, including *Cash Infinity™*, *Collect to Infinity™*, *Sticky to Infinity™* as well as its beloved *Hold the Jackpot™* bonus game.

The latest development for Wazdan follows a string of high-profile partnerships in the Garden State, as the supplier continues to excel in the North American market.

Andrzej Hyla, Chief Commercial Officer at Wazdan, said: "There remains a strong demand for Wazdan titles in online casinos across New Jersey, and we are delighted to now offer them with one of the leading operators in the market.

"Our innovative field-tested features have proven a success for our partners worldwide, and we look forward to seeing how Caesars Palace Online Casino and Caesars Sportsbook & Casino players react to them."

Vice President of Online Gaming at Caesars Digital Ricardo Cornejo Rivas added: "Innovative and cutting-edge gaming content is something we plan to continue bringing to our online casino players. Partnering with Wazdan delivers on this ambition, and we're confident its titles will be met with a warm reception across both our iCasino platforms."

About Wazdan

Wazdan is a leading igaming developer, engineering gain-focused software for casinos and players worldwide. We deliver top-performing, mobile-first, highly accessible games for 25+ regulated markets, in all currencies and cryptocurrencies, releasing 40+ unique slots annually.

We believe that by providing the house with top-earning software and the player with innovative entertainment, everyone's a winner.

But there's math behind the thrill. As inventors and tech lovers, we don't simply bet on success – we engineer it. Behind the iGaming experiences we provide are hard numbers.

While we create games for businesses, we don't treat business like a game. We believe a partnership should never be a gamble. This is why our advanced preventive measures serve as a future-proof safety tool, ensuring that casino operations always flow smoothly.

This is what we do at Wazdan.

This is online gaming.
